## synthetic rattan

### DETAILS

Ease into our mid-century Scandinavian-inspired dining chair with a modern laid-back vibe. The Dining #1 chair is made from high-grade, locally-sourced teak and treated to a beautiful neutral outdoor finish. The synthetic rattan matches the texture and aesthetic of a natural fiber, but is UV-treated to make it suitable for outdoor use.

Equally beautiful indoors and outdoors, especially for young families who value the ability to give the stools a deep clean.
