synthetic rattan seat

DETAILS

The Ema Stool has a rounded teak frame that pairs beautifully with the Danish-inspired synthetic rattan weave and banding. Our outdoor pieces are made from locally sourced high-grade teak and treated to a beautiful neutral outdoor finish. The synthetic rattan matches the texture and aesthetic of a natural fiber but is UV-treated to make it suitable for outdoor use.

Equally beautiful indoors, especially for young families, these chairs can be taken outside and rinsed off.

RETAIL PRICE

\$725
