synthetic rattan seat

DETAILS

Our collaboration with Pure Salt embodies a coastal, surf-inspired aesthetic with artisanal craftsmanship and natural-feeling materials. We've upgraded this breezy stool with custom synthetic rattan for exceptional durability and performance both indoors and outdoors.

Locally sourced, high-grade teak is treated with a grain-enhancing neutral finish, while a carefully crafted custom synthetic rattan replicates a heathered, pre-worn look in a distinct weave pattern for a relaxed, inviting feel.

We recommend enjoying these stools with your favorite coastal cocktail and great company.
